Important Notes:

- Kindly note that the above case studies are only examples and do not in any way create any rights and/or obligations. The actual experience of the policy may be different from what is shown above.
- Some benefits are guaranteed and some benefits are variable with returns based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits, then these will be clearly marked "guaranteed" in the illustration tables under this section. If your policy offers variable benefits, then the illustrations in this section will show two different rates of assumed future investment returns. These assumed rates of return are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of your policy is dependent on a number of factors including future investment performance. The guaranteed and non-guaranteed benefits are applicable only if all due premiums are paid.
- Bonuses are non-guaranteed and are declared at the sole discretion of the Company.
- For more information, please request for your Policy specific benefit illustration.

FLEXIBILITIES AVAILABLE UNDER THE PLAN

A. ACCRUAL OF SURVIVAL BENEFITS

This plan gives you the flexibility to accrue your Survival Benefits - both the Guaranteed Income(if applicable) as well as the Cash bonus (if declared) anytime during the Policy Term. Also, you may choose to withdraw your accrued benefits completely or partially, at any time during the policy term. This option is subject to the following:

- You can opt-in or opt out for accrual of survival benefits from any policy anniversary. In order to opt in or opt-out of this option, you would have to submit a request to the company 30 days before such policy anniversary.
- The accrued survival benefits will be accumulated at interest rate equal to the RBI Bank rate + 1% published by RBI on its website and this rate will be reviewed annually. The 'RBI Bank Rate' for the financial year ending 31st March (every year) will be considered. As the interest rate will be reviewed at the beginning of each financial year, any change in this interest rate will be applicable from 1st July to 30th June to allow sufficient time for making changes in the policy

administration system. The current RBI Bank Rate, as applicable at 31st March 2025 is 6.50% p.a.

- You may withdraw the accrued survival benefits partly/fully any time during the policy term. The balance amount will keep accumulating as per the applicable terms and conditions and accrued survival benefit (if any) shall be payable along with benefits at the time of death or maturity or surrender.
- Whenever you opt for accruing your benefits, your payout frequency would automatically be changed to annual, irrespective of the payment frequency chosen earlier. However, upon cancellation of accrual, you may choose to avail your payments monthly, quarterly, semi-annually, or annually.
- The 'survival benefits and cash bonuses', if opted by the policyholder to accrue, will continue to form part of 'Life Participating fund'

You can choose to accrue your applicable Cash Bonus, if declared, and Guaranteed Income together and partial accrual shall not be allowed.

B. SURVIVAL BENEFIT PAYOUT FREQUENCY

You may choose to receive the future payouts (applicable to Guaranteed Income (if applicable) and Cash Bonus (if declared)) at a monthly/quarterly/half yearly/annual frequency.

- Payment frequency for both Cash Bonus (if declared) and Guaranteed Income (if applicable) shall be same for same policy.
- These benefits are payable in arrears (i.e. end of year for annual pay-out mode, end of half year for semi-annual pay-out mode, end of quarter for quarterly pay-out mode and end of each month for monthly pay-out mode) for the chosen frequency by default, unless advance income benefit payment mode is opted.
- For Income benefit payment mode "arrears", the Cash Bonus (if declared) and Guaranteed Income (if applicable) for other than annual frequency shall be equal to:

Payment frequency	Guaranteed Income instalment	Cash Bonus (if declared) instalment
Semi-Annual	0.49 * Annual Guaranteed income	0.49 * Annual Cash Bonus (if declared)
Quarterly	0.24 * Annual Guaranteed income	0.24 * Annual Cash Bonus (if declared)
Monthly	0.08 * Annual Guaranteed income	0.08 * Annual Cash Bonus (if declared)

- For Income benefit payment mode "advance", the Cash Bonus and Guaranteed Income shall be equal to:

Payment frequency	Guaranteed Income instalment	Cash Bonus (if declared) instalment
Annual	0.92 * Annual Guaranteed income	0.92 * Annual Cash Bonus (if declared)
Semi-Annual	0.47 * Annual Guaranteed income	0.47 * Annual Cash Bonus (if declared)
Quarterly	0.235 * Annual Guaranteed income	0.235 * Annual Cash Bonus (if declared)
Monthly	0.079 * Annual Guaranteed income	0.079 * Annual Cash Bonus (if declared)

If advance income benefit payment mode is chosen, then income payment frequency cannot be lower than the premium payment frequency.

- Change of Survival Benefit Payout Frequency:** The payment frequency for Cash Bonus (if Declared) and Guaranteed Income (if applicable) can be chosen at inception or can be changed anytime during the policy term by submitting a request at least 30 days before the policy anniversary. In case of change of payment frequency, the change will be effective from the next policy anniversary.

- The income benefit applicable for the first year shall be calculated by pro-rating the original payable income amount by the number of days between the chosen date of income and the policy anniversary. Further, upon maturity of the policy, an additional amount will be calculated for the last policy year by pro-rating the original payable income amount by the number of days between the chosen date and maturity date. This will simply be the difference in amount of the actual payable income and the income paid in the first year. Please refer the following illustration for further clarity:

SURRENDER / PREMIUM DISCONTINUANCE/POLICY REVIVAL TERMS

Surrender

You can surrender the policy any time after it has acquired a surrender value. The Surrender Value will be equal to the higher of Guaranteed Surrender Value (GSV) or Special Surrender Value (SSV). Terminal bonus (if declared) shall be payable from first year onwards. Any accrued survival benefit, if not already paid shall be paid in addition. Please refer section “Accrual of Survival Benefits” for related details. For details on GSV percentage, please refer the sample Policy Document available on Company website.

On payment of the Surrender Benefit, the policy will terminate and no more benefits will be payable.

Premium Discontinuance and Revivals

If you miss on paying your first years’ full premiums, your policy would lapse and no benefits would be payable. If you discontinue paying your premiums after payment of first years’ full premiums, your policy acquires a surrender value, and it will by default become a Reduced Paid-Up (RPU) policy.

You have the option to revive your lapsed/RPU policy within a revival period of five consecutive years from the due date of first unpaid premium, subject to following conditions:

- Paying all the due premiums, together with revival interest rate applicable as on the date of revival and as determined by the Company from time to time depending upon the number of

days between the date of lapse and the date of revival of policy. The current Revival Interest Rate structure is mentioned below:

No. of Days between lapse/RPU and revival of policy	Revival Interest Rate	Currently applicable revival late fee*
0-60	Nil	0.00%
61-180	RBI Bank Rate + 1% p.a. compounded annually on due	7.75%
>180	RBI Bank Rate + 3% p.a. compounded annually on due	9.75%

**Note: The current applicable revival late fee effective w.e.f. 1st July 2025 and is based on RBI Bank rate of 6.50% per annum prevailing as at 31st March 2025. The 'RBI Bank Rate' for the financial year ending 31st March (every year) will be considered for determining the revival late fee and the same shall be made effective w.e.f. 01st July every year. The revival late fee is revised only if the 'RBI Bank Rate' changes by 1% or more from the 'RBI Bank Rate' used to determine the prevailing revival late fee (reviewed on every 31st March). For further details and the revival late fee applicable as on date, please refer to our website <https://www.axismaxlife.com>. Any change in the basis of determination of the above late fee shall be with prior approval of IRDAI.*

- You producing an evidence of insurability (in form of declaration of health condition and/or relevant medical reports) of the Life Insured at his/her own cost which is acceptable to the Company as per Board approved underwriting policy.
- The revival of the policy shall take effect only after revival of the policy is approved by Axis Max Life Insurance basis the Board approved underwriting policy and communicated to you in writing.
- Once the policy has been revived, all the benefits (including unpaid cash bonus (if declared) /Guaranteed Income (if applicable)/Enhanced Guaranteed Income, if any) will get reinstated to original levels along with any unpaid survival benefits (cash bonus (if declared) and guaranteed income), which would have been the case had the policy remained premium paying all throughout.

If a lapsed policy is not revived within five years, the policy shall be terminated and no value is payable. If an RPU policy is not revived within five years of it becoming RPU, then the policy cannot be revived and will continue as RPU for the rest of its Policy Term.

The 'RBI Bank Rate' for the financial year ending 31st March (every year) will be considered for determining the revival interest rate. On grounds of simplicity and operational ease, the revival interest rate is revised only if the RBI Bank Rate changes by 100 bps or more from the RBI Bank rate used to determine the prevailing revival interest rate (reviewed on every 31st March). As the interest rate will be reviewed at the beginning of each financial year, any change in revival interest rate will be applicable from 1st July to 30th June to allow sufficient time for making changes in the policy administration system.

The current revival interest rate is based on RBI Bank rate of 6.50% p.a. prevailing as at 31st March 2025 plus relevant margins stated in the table above. For the avoidance of doubt, the Policy cannot be revived beyond the Policy Term.

- (2) A policy of life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground of fraud:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees of the insured the grounds and materials on which such decisions are based.

Explanation I – For the purposes of this sub-section, the expression “fraud” means any of the following acts committed by the insured or by his agent, with the intent to deceive the insurer or to induce the insurer to issue a life insurance policy:

- a) the suggestion, as a fact of that which is not true and which the insured does not believe to be true;
- b) the active concealment of fact by the insured having knowledge or belief of the fact;
- c) any other act fitted to deceive; and
- d) any such act or omission as the law specially declares to be fraudulent.

Explanation II – Mere silence as to facts likely to affect the assessment of the risk by the insurer is not fraud, unless the circumstances of the case are such that regard being had to them, it is the duty of the insured or his agent, keeping silence to speak, or unless his silence is, in itself, equivalent to speak.

- (3) Notwithstanding anything contained in sub-section (2) no insurer shall repudiate a life insurance policy on the ground of fraud if the insured can prove that the mis-statement of or suppression of a material fact was true to the best of his knowledge and belief or that such mis-statement of or suppression of a material fact are within the knowledge of the insurer:

Provided that in case of fraud, the onus of disproving lies upon the beneficiaries, in case the member is not alive.

Explanation – A person who solicits and negotiates a contract of insurance shall be deemed for the purpose of the formation of the contract, to be the agent of the insurer.

- (4) A policy of the life insurance may be called in question at any time within three years from the date of issuance of the policy or the date of commencement of risk or the date of revival of the policy or the date of the rider to the policy, whichever is later, on the ground that any statement of or suppression of a fact material to the expectancy of the life of the insured was incorrectly made in the proposal or other document on the basis of which the policy was issued or revived or rider issued:

Provided that the insurer shall have to communicate in writing to the insured or the legal representatives or nominees of the insured the grounds and material on which such decision to repudiate the policy of life insurance is based:

Provided further that in case of repudiation of the policy on the ground of misstatement or suppression of a material fact, and not on the ground of fraud, the premiums collected on the policy till the date of repudiation shall be paid to the insured or the legal representatives or nominees of the insured within a period of ninety days from the date of such repudiation

Explanation – For the purposes of this sub-section, the mis-statement of or suppression of fact shall not be considered material unless it has a direct bearing on the risk undertaken by the insurer, the onus is on the insurer to show that had the insurer been aware of the said fact no life insurance policy would have been issued to the insured.

- (5) Nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.

Prohibition of Rebates: Section 41 of the Insurance Act, 1938 as amended from time to time states:
