### Variants available under this plan

Plan Variants	Death Benefit	Terminal Illness	Return of Premium	Maternity Cover <sup>%</sup>
Regular Cover	√	√	×	√
Rebalancing Cover	√	√	×	√
Early ROP Plus	√	√	√	√
Smart Cover	√	√	×	√
Return of Premium	√	√	√	√
Whole Life Cover	√	√	√	√
Income Protection Cover	√	√	×	√

<sup>%</sup>Available on payment of additional premium for Female life insured only.

You shall choose one Plan Variant at the inception of the policy. The option once selected cannot be changed at a later date. Premium payable will vary depending upon the Plan Variant, Premium Payment Term, Policy Term and Premium payment mode chosen.

Let us look into all these Plan variants in detail:

S.No	Variant	Brief Summary
1	Regular Cover	Under this plan variant, the Base Sum Assured chosen at inception will remain level throughout the term of the policy. In case life assured dies during the policy term, the Guaranteed Death benefit shall be payable and policy terminates thereafter. This plan variant is also available for policies sourced as POS product.
2	Rebalancing Cover	Under this plan variant, the Base Sum Assured chosen is split between the Life Cover Sum Assured (SA) that is payable upon accidental or non-accidental death and the ADB Cover Sum Assured (SA) that is payable upon accidental death only. At inception of the policy, the Life Cover SA is set at 10% of the Base Sum Assured, while the ADB cover SA is set at 90% of Base Sum Assured. For an inforce policy, at every policy anniversary, starting from the first policy anniversary, the Life Cover SA will increase every year by 10% (simple interest) of the Base Sum Assured, while the ADB Cover SA will decrease by the same amount each year.
3	Early ROP Plus	Under this plan variant, on survival of life insured, the policyholder will get back 50% of the total premiums paid (plus underwriting extra premiums paid plus loading for modal premiums, if any), on higher of (on attainment of age 60 or Age at entry + Premium payment term + 10) and yet, continue the life cover with 50% of Base Sum Assured till the end of Policy term. The remaining 50% of total premiums paid (plus underwriting extra premiums paid plus loading for modal premiums, if any), shall be paid back at the end of policy term, in case of survival of Life insured till the end of policy term. In case of death of life assured during the policy term, provided all due premiums have been paid, the applicable Guaranteed Death benefit shall be payable.
4	Smart Cover	Under this plan variant 150% of base sum assured is payable in case of death of life insured within first fifteen policy years and 100% of base sum assured is payable in case of death of life insured after first fifteen policy years.

S.No	Variant	Brief Summary
5	<b>Whole Life Cover</b>	Under this plan variant, on survival of life insured, the policyholder will get back 50% of the total premiums paid (plus underwriting extra premiums paid plus loading for modal premiums, if any), back on higher of (on attainment of age 60 or Age at entry + Premium payment term + 10) and yet, continue the life cover with 50% of base sum assured till the end of Policy term. The remaining 50% of total premiums paid (plus underwriting extra premiums paid plus loading for modal premiums, if any), shall be paid back on attainment of age 100 years and policy terminates thereafter. In case of death of life assured during the policy term till age 100 years, provided all due premiums have been paid, the applicable Guaranteed Death benefit shall be payable.
6	<b>Return of Premium</b>	Under this plan variant, the Base Sum Assured chosen at inception will remain level throughout the term of the policy. In case life assured dies during the policy term, the Guaranteed Death benefit shall be payable and policy terminates thereafter. In case of survival of life insured till the end of policy term, 100% of the total premiums paid (plus underwriting extra premiums paid plus loading for modal premiums, if any), will be payable. This plan variant is also available for policies sourced as POS product.
7	<b>Income Protection Cover</b>	<p>Under this plan variant, in case of death of life assured during the policy term, provided the policy is in force, the Guaranteed Death benefit will be payable in the form of 'monthly income applicable at the time of death' commencing from the end of the policy month on or after the date of intimation of death and continue for each policy month till higher of 120 months or the outstanding term in months. Where outstanding term in months is equal to number of whole months from the date of death to the end of the Policy Term. The policyholder will have the choice to opt for either 'Level Income' or 'Inflation proof Income' options. The 'monthly income applicable at the time of death' will depend on the option chosen by the policyholder and the same has been defined below:</p> <ul style="list-style-type: none"> <li>• <b>Level Income:</b> 'monthly income applicable at the time of death' is equal to the monthly income chosen at inception.</li> <li>• <b>Inflation proof Income:</b> 'monthly income applicable at the time of death' is equal to the monthly income chosen at inception increased by 10% every 3 years (simple interest) from inception capped at 200% of the monthly income chosen at inception. After the death of the Life Insured, there shall be no increase in the income under this variant.</li> </ul>

### Optional Benefits/Riders available under the plan (on payment of additional premiums)

S.No	Benefits	Brief Summary
1	Maternity Cover	Female Life Insured can safeguard themselves against certain Pregnancy related complications and their new born against Congenital Anomalies. For more details kindly refer to the product prospectus.
2	Waiver of Premium Plus Rider	Comprehensive protection (waiver of future premiums) against Disability & Critical Illness.
3	Critical Illness and Disability Rider	Comprehensive coverage against the risk of critical illness and disability.

Axis Max Life Accidental Death and Dismemberment Rider| A Non-Linked Non-Participating Individual Pure Risk Health Insurance Rider|UIN: 104B027V05

### Inbuilt Additional Features

Sr. No	Benefits	Additional/ Accelerated Sum Assured**	Brief description
1	Cover Continuance Benefit	NA	The Policyholder is allowed to defer the due premium for a period of up to 12 months from the due date, while maintaining the full risk cover under the base plan and attached riders (if any). This option is allowed to be exercised after completion of 3 policy years provided all due premiums have been paid and the policy is in-force.
2	Special Exit Value	NA	Option to receive all premiums paid back, in any policy year starting 30th policy year, but not during the last 4 policy years. No additional premium to be paid (free of cost). In addition to the SEV benefit mentioned above, for PPT variants (excluding Regular pay and Pay till 60), the policyholder will be entitled to an additional Special Exit Value (SEV) benefit. This benefit will also be calculated as a proportion of the total premiums paid, underwriting extra premiums paid, and loadings for modal premiums (if any), based on the table provided below. The policyholder can exercise this option between "Policy Term minus 13 years" and "Policy Term minus 7 years". The table outlines the additional proportion as well as the total

Sr. No	Benefits	Additional/ Accelerated Sum Assured**	Brief description		
			proportion of the premiums paid (including underwriting extra premiums and loadings for modal premiums, if applicable) upon exercising the SEV option during the specified policy years.		
			Policy year	Additional SEV%	Total SEV%
			Policy Term minus 13th	25%	125%
			Policy Term minus 12th	50%	150%
			Policy Term minus 11th	75%	175%
			Policy Term minus 10th	100%	200%
			Policy Term minus 9th	75%	175%
			Policy Term minus 8th	50%	150%
			Policy Term minus 7th	25%	125%
3	Lifeline Plus	Additional	Exclusively for Female Life Insured. Flexibility to avail Top-up in the event of the death of the spouse of female Life insured with premium rates based on inception rates, attained age and revised total Sum Assured band. Lifeline Plus is available only with Regular Cover & Return of Premium plan variants.		
4	Insta Payment on Claim Intimation	Accelerated	An accelerated benefit as applicable out of base sum assured shall be payable within 1 working day from claim registration date provided mandatory documents are submitted and the subsequent pay out shall be made after the claim is approved.		
5	Health Management Services	NA	Policyholder will have the option to take Health Management Services such as medical second opinion, medical consultation, discounts on medicines from the service providers registered with the company.		
6	Terminal Illness	Accelerated	Get free coverage against the diagnosis of Terminal Illness and accelerate** payout of Rs. 1 crore. No additional premium to be paid.		
7	Claim Payout	Base	Empower the nominee to choose the payout mode, at claims stage: <ul style="list-style-type: none"><li>• Lumpsum</li><li>• Monthly Income^^</li><li>• Part Lumpsum and Part Monthly Income^^</li></ul>		

\*\*Accelerated Sum Assured is the sum assured paid and reduced from the base sum assured.

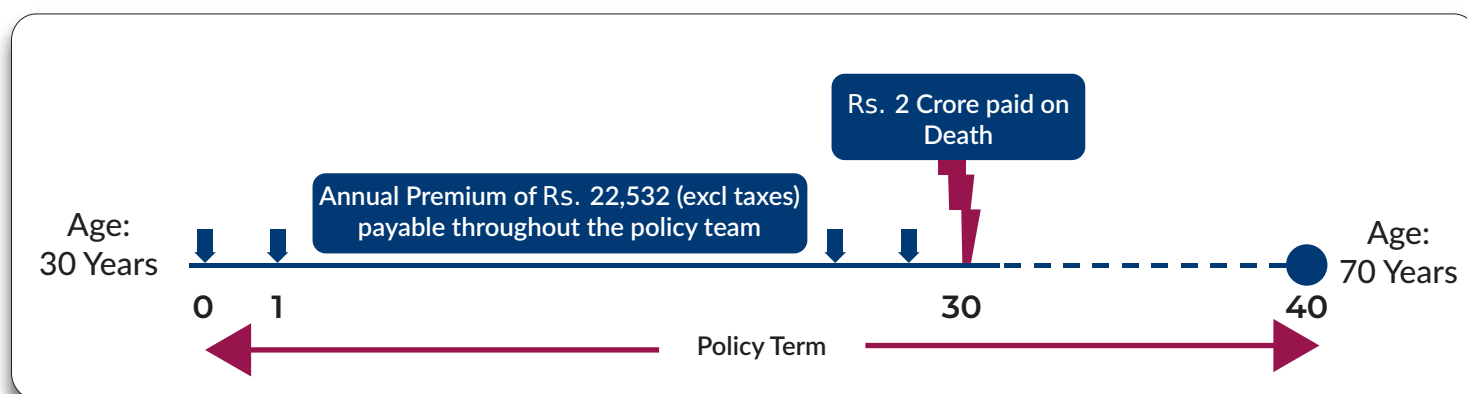

^^Claim payout in the form of monthly income will be available with all plan variants except Income Protection cover variant

## How does this plan works?

### Variant 1- Regular Cover

Tarun a non-smoker, 30 year old doctor wants to safeguard his family from financial uncertainties that could arise of his untimely demise. He purchases Axis Max Life Smart Term Plan Plus *Regular Cover variant*, for a sum assured of Rs. 2 Crores and chooses a policy term of 40 years and pays Rs. 22,532 as annualised premium for the entire policy term.

In case of his unfortunate event of death during 30th policy year, a lump sum death benefit of 2 Crores shall be payable to the beneficiary and the policy will terminate thereafter.

### Variant 2 - Rebalancing Cover Variant

Sumit a non-smoker, 30 year old software engineer wants to safeguard his family from financial uncertainties that could arise of his untimely demise. He purchases Axis Max Life Smart Term Plan Plus *Rebalancing Cover variant*, for a sum assured of Rs. 1 Crore and chooses a policy term of 40 years and pays Rs 12,499 annualised premium for the entire policy term.

The Base Sum Assured chosen is split between Life Cover Sum Assured (SA) that is payable upon accidental or non-accidental death and Accidental Death Benefit (ADB) Cover Sum Assured that is payable upon accidental death only. At the beginning of the cover, Life Cover SA is set at 10% of Basic SA and ADB SA is set at 90% of Basic Sum Assured and rebalancing will trigger at every policy year.

Below table depicts how the 'Rebalancing Cover' auto balances Life Cover SA and ADB Cover SA for a Base Sum Assured of 1 Crore chosen at inception with Entry Age = 30 and Policy Term = 40

Age	Policy Year	Life Cover	ADB Cover
30	0	10,00,000	90,00,000
31	1	20,00,000	80,00,000
32	2	30,00,000	70,00,000
33	3	40,00,000	60,00,000
34	4	50,00,000	50,00,000
35	5	60,00,000	40,00,000
36	6	70,00,000	30,00,000
37	7	80,00,000	20,00,000
38	8	90,00,000	10,00,000
39	9	1,00,00,000	-
40 - 70	10 - 40	1,00,00,000	-

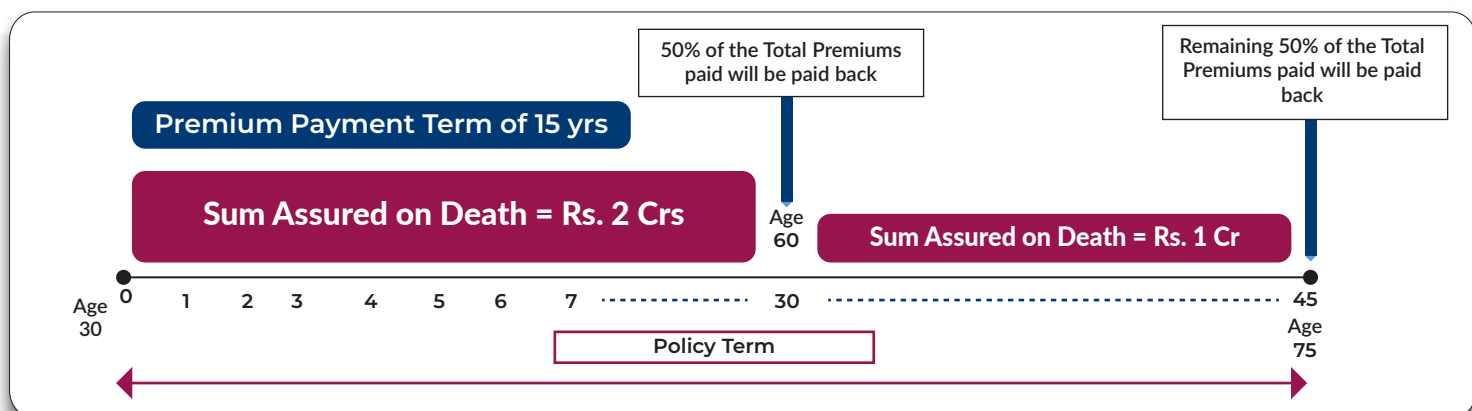

Considering the below two scenarios, let's understand how the death benefit will function work for this variant,

- **Scenario 1:** Unfortunately if he met with an accident & dies during the 7<sup>th</sup> Policy year. A lump sum death benefit equal to Life Cover SA plus ADB SA, as applicable at that time i.e. Rs. 80,00,000 + 20,00,000 = 1 Crore shall be payable and the policy will terminate thereafter.
- **Scenario 2:** In case of his unfortunate event of non-accidental death during the 7<sup>th</sup> Policy year, a lump sum death benefit equal to Life Cover SA i.e. 80,00,000 shall be payable and the policy will terminate thereafter.

### Variant 3 - Early ROP Plus

Amit a non-smoker, 30-year-old entrepreneur wants to safeguard his family from financial uncertainties that could arise of his untimely demise and wants his premium paid towards buying a term insurance to be refunded back to him after attaining a milestone age. He purchases Axis Max Life Smart Term Plan Plus *Early ROP Plus* variant, for a base sum assured of Rs. 2 Crore and chooses a policy term of 45 years and pays Rs 73,170 as annualised premium for 15 years.

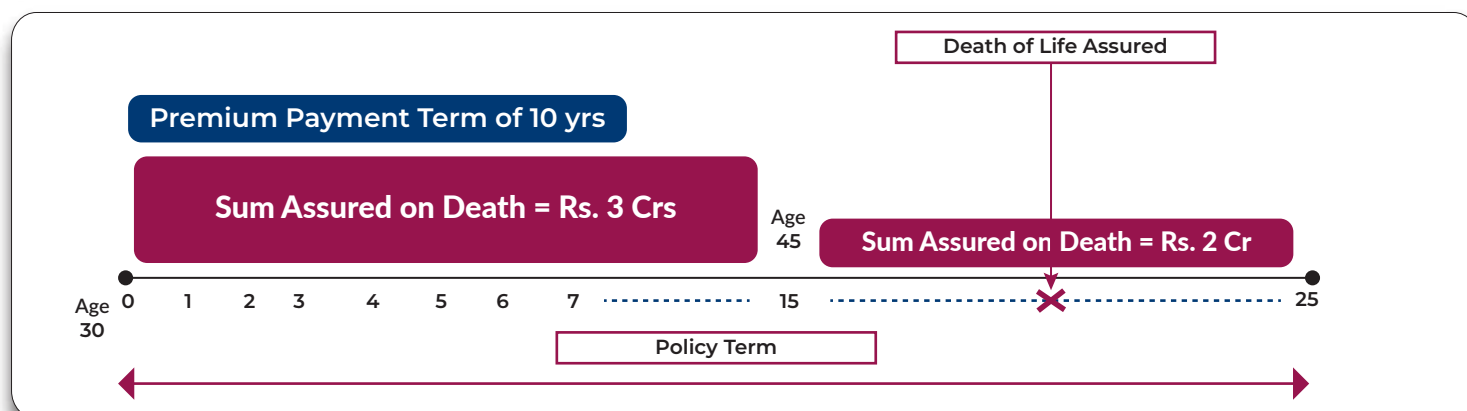

Considering the below four scenarios, Let us understand how the early return of premium and death benefit will work for this variant.

- **Scenario 1:** In case of his unfortunate demise before attaining the age of 60 years, the beneficiary will be entitled for a lump sum death benefit of Rs. 2 crores and policy will terminate thereafter.
- **Scenario 2:** In case Amit survives beyond 60 years of age, 50% of the Total Premiums Paid towards the base policy exclusive of all taxes i.e. Rs. 5,48,775 shall be paid back to him on attaining 60 years of age and the policy will continue with 50% of the Base Sum Assured i.e 1 Crore for the outstanding policy term.
- **Scenario 3:** In case of unfortunate event of death of Amit post attainment of age 60, the beneficiary will be entitled for a lump sum death benefit of 50% of Base Sum i.e. 1 Crore and policy will terminate thereafter.
- **Scenario 4:** In case of his survival till the end of policy term, the remaining 50% of total premiums paid i.e Rs. 5,48,775 shall be paid back at the end of policy term.

### Variant 4 - Smart Cover

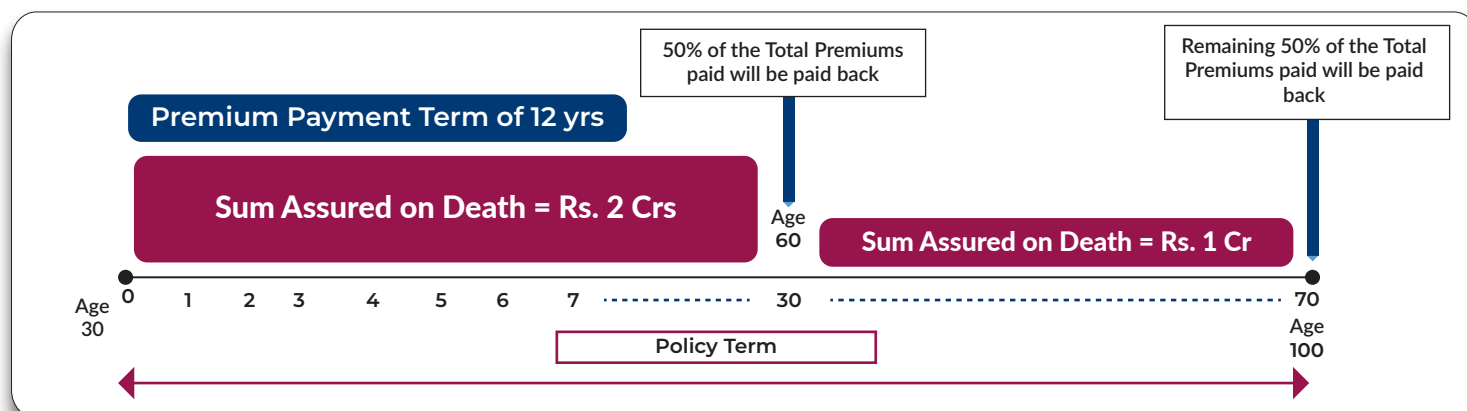

Rahul a non-smoker, 30 year old advocate working with a legal firm wants to safeguard his children's future from financial uncertainties that could arise of his untimely demise. He purchases Axis Max Life Smart Term Plan Plus *Smart Cover variant*, for a base sum assured of Rs. 2 Crore and chooses a policy term of 25 years and chooses to pay Rs. 34,134 as annualised premium for 10 years.

In case of his unfortunate event of death the Sum Assured on Death will be 150% of base sum assured in case of death of life insured within first fifteen policy years and 100% of base sum assured in case of death of life insured after first fifteen policy years.

### Variant 5 - Whole Life Cover

Naman a non-smoker, 30 year old IT professional wants to safeguard his family from financial uncertainties that could arise of his untimely demise in future. He purchases Axis Max Life Smart Term Plan Plus *Whole Life Cover variant*, for a base sum assured of Rs.2 Crore and gets a policy term of 70 years and chooses to pay Rs. 1,25,794 annualised premium for 12 years

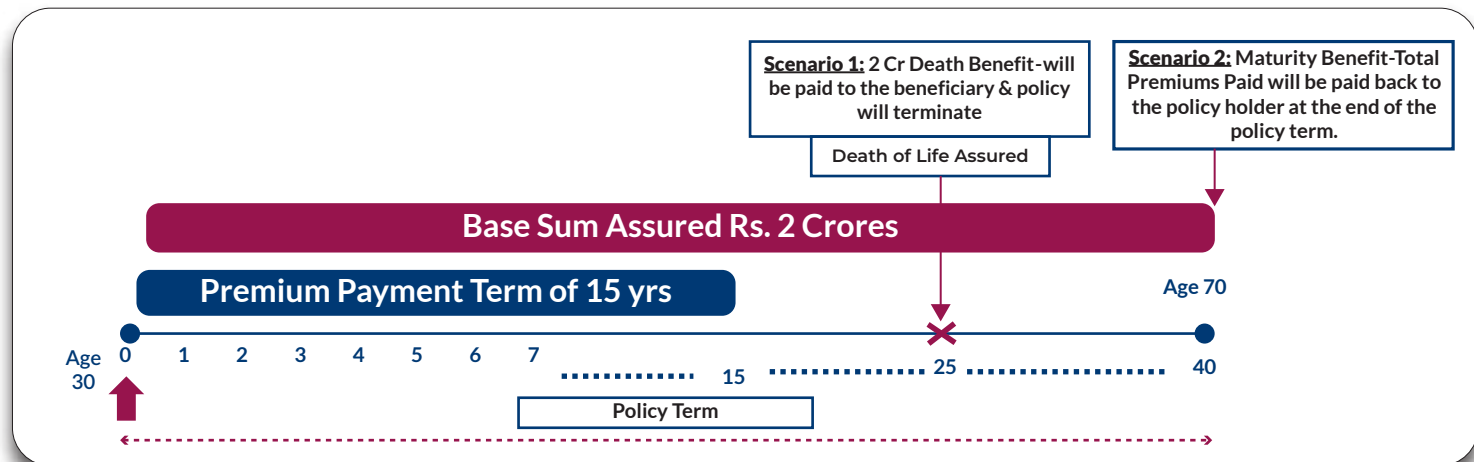

Considering the below four scenarios, lets us understand how the death benefit will work for this variant,

- Scenario 1:** In case of his unfortunate demise before attaining the age of 60 years, the beneficiary will be entitled for a lump sum death benefit of Rs. 2 crores and policy will terminate thereafter.
- Scenario 2:** In case Naman survives beyond 60 years of age, 50% of the Total Premiums Paid towards the base policy exclusive of all taxes i.e. Rs. 7,54,764 shall be paid back to him on attaining 60 years of age and the policy will continue with 50% of the Base Sum Assured i.e 1 Crore for the outstanding policy term.
- Scenario 3:** In case of unfortunate event of death of Naman post attainment of age 60 years, 50% of Base Sum Assured i.e. 1 Crore will be payable and policy will terminate thereafter.
- Scenario 4:** In case of his survival till the end of policy term, the remaining 50% of total premiums paid i.e Rs. 7,54,764 shall be paid back at the end of policy term.

### Variant 6 - Return of Premium

Hitesh a non-smoker, 30 year old IT professional wants to safeguard his family from financial uncertainties that could arise of his untimely demise in future and is looking for a plan where he can get his Total Premiums Paid back at the end of the policy term in case of no event of his death and non-diagnosis of any Terminal Illness. He purchases Axis Max Life Smart Term Plan *Return of Premium* variant, for a base sum assured of Rs. 1 Crore and chooses a policy term of 40 years and chooses to pay Rs. 43,052 annualised premium for 15 years.

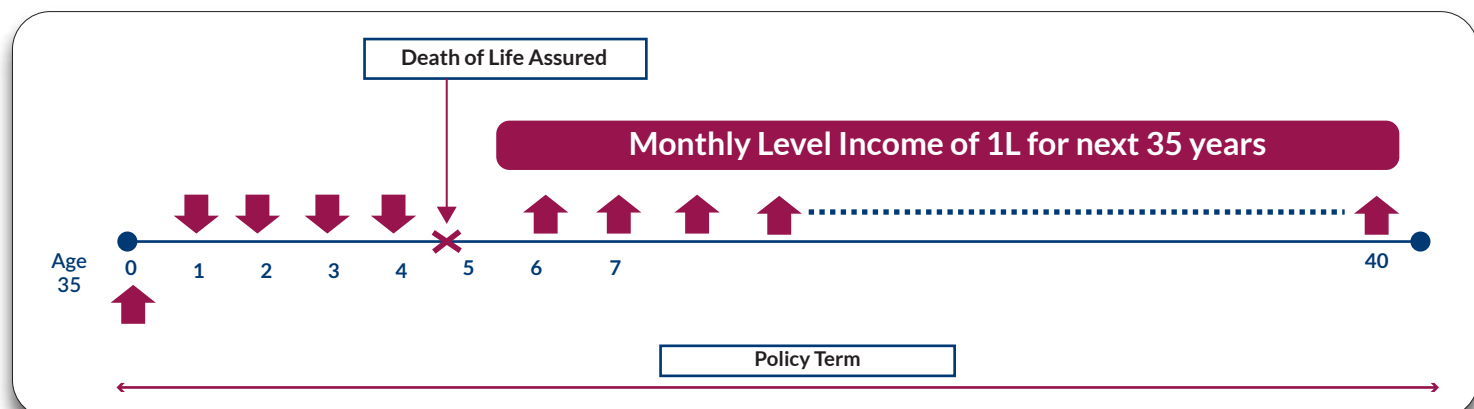

Let's understand how the Death Benefit will be payable under this variant with the help of two different scenarios.

- **Scenario 1:** In case of an unfortunate event of the death of Mr. Hitesh during the chosen policy term, death benefit equal to the Base Sum Assured of 1 Crore will be payable to the beneficiary and policy will terminate thereafter.
- **Scenario 2:** In case of the survival of Mr. Hitesh till the end of policy term, 100% of the total premiums paid Rs. 6,45,780 will be payable to him.

### Variant 7 - Income Protection Cover - Level Income

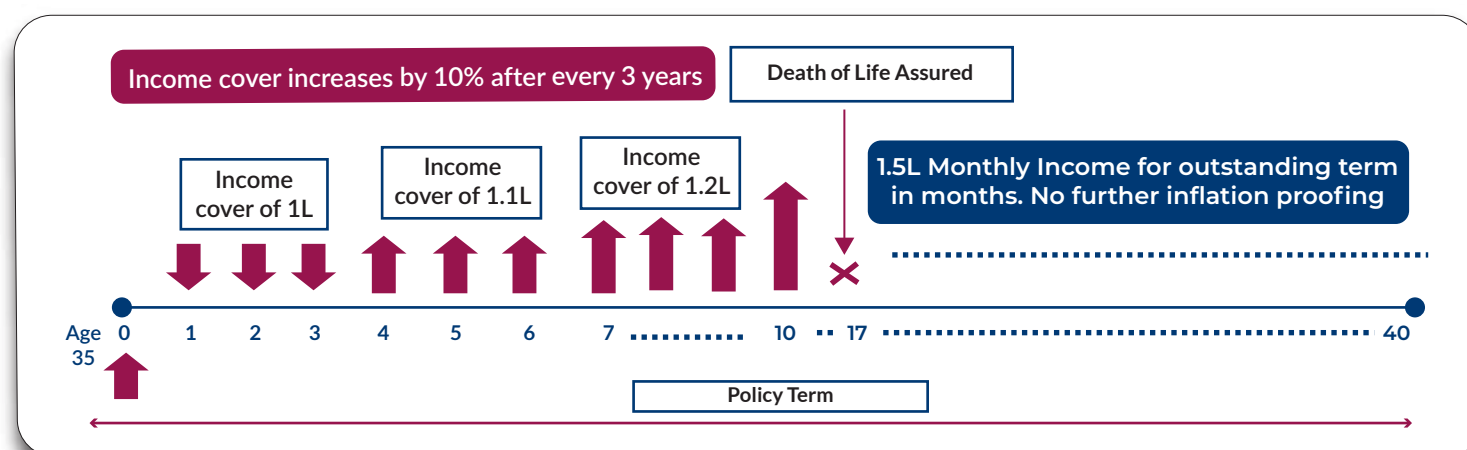

Praveen a non-smoker, 35 year old university professor wants to safeguard his family from financial uncertainties that could arise due to his untimely demise and is looking out for a plan that could provide a level monthly income to his nominee(s) to ensure the similar level of financial stability during his absence. He purchases Axis Max Life Smart Term Plan Plus *Income Protection Cover* variant, for Rs. 1Lac as Level 'monthly income applicable at the time of death' with policy term of 40 years and pays Rs. 27,067 annualised premium for the entire policy term.

In case of an unfortunate event of his death during the 5th policy year, the Sum Assured on Death is higher of 120 times 'monthly income applicable at the time of death' or 'monthly income applicable at the time of death' times outstanding term in months. Where outstanding term in months is equal to number of whole months from the date of death to the end of the Policy Term.

### Variant 7 - Income Protection Cover - Inflation proof Income

Parth a non-smoker, 35 year old software developer wants to safeguard his family from financial uncertainties that could arise due to his untimely demise and is looking out for a plan that could provide an inflation proof monthly income to his nominee(s) to ensure the similar level of financial stability during his absence. He purchases Axis Max Life Smart Term Plan Plus *Income Protection Cover variant*, for Rs.1 Lac as monthly income applicable at the time of death and choose *Inflation proof Income* as an option with policy term of 40 years and pays Rs. 41,474 annualised premium for the entire policy term.

In case of the death of Mr. Parth during the 17th policy year, provided the policy is in force, the Guaranteed Death benefit will be payable in the form of 'monthly income applicable at the time of death' i.e. Rs 1.5 Lacs commencing from the end of the policy month on or after the date of intimation of death and continue for each policy month till higher of 120 months or the outstanding term in months. Where outstanding term in months is equal to number of whole months from the date of death to the end of the Policy Term.

'Monthly income applicable at the time of death' is equal to the monthly income chosen at inception increased by 10% every 3 years (simple interest) from inception capped at 200% of the monthly income chosen at inception.

#### Important Notes:

1. Kindly note that the above case studies are only examples and do not in any-way create any rights and / or obligations.
2. Premium shown in all of the above illustrations is exclusive of GST.
3. For more details, kindly refer the product prospectus.

#### Definitions:

"Annualised Premium" shall be the premium amount payable in a year excluding taxes, rider premiums, underwriting extra premiums and loadings for modal premiums.

"Sum Assured on death" means an absolute amount of benefit which is guaranteed to become payable on death of the life assured in accordance with the terms and conditions of the policy.

"Sum Assured on Death" is equal to Absolute Amount Assured to be Paid on Death in accordance with the plan variant chosen as defined below:

- For Plan variant 1 & 6 ('Regular Cover' and 'Return of Premium') – the Absolute Amount Assured to be paid on death is same as base sum assured throughout the policy term.
- For Plan variant 2 ('Rebalancing cover') – the Absolute Amount Assured to be paid on death is the sum of applicable Life Cover SA and applicable ADB Cover SA, depending upon the cause of death. For instance, in the event of a non-accidental death, only the applicable Life Cover SA will be paid. However, in the case of accidental death, both the applicable Life Cover SA and ADB Cover SA will be paid and policy terminates thereafter.
- For Plan variant 4 ('Smart Cover') – the Absolute Amount the Assured to be paid on death is 150% of base sum assured in case of the death of life insured within the first fifteen policy years and 100% of base sum assured in case of the death of life insured after first fifteen policy years.

- For Plan variant 3 & 5 ('Early ROP Plus' & 'Whole Life cover') – the Absolute Amount Assured to be paid on death is the same as base sum assured, Up to the first policy anniversary falling after the attainment of age 60 or Age at entry +PPT+10, whichever is higher and then the Absolute Amount Assured will be reduced by 50% of base sum assured till the end of policy term.
- For Plan variant 7 ('Income Protection Cover') - the Absolute Amount Assured to be paid on death is higher of 120 times 'monthly income applicable at the time of death' or 'monthly income applicable at the time of death' times outstanding term in months. Where outstanding term in months is equal to number of whole months from the date of death to the end of the Policy Term.

The policyholder will have the choice to opt for either 'Level Income' or 'Inflation proof Income' options basis which the 'monthly income applicable at the time of death' will be decided. The 'monthly income applicable at the time of death' is defined under the 'description of product' section above.

"Guaranteed Death Benefit" is defined as higher of:

- For Single Pay - 1.25 times the Single Premium plus underwriting extra premium, if any;  
For Other PPTs - 10 times the Annualised Premium plus underwriting extra premium, if any,
- 105% of Total Premiums Paid plus underwriting extra premium paid plus loadings for modal premiums paid as on the date of death,
- Absolute Amount Assured to be paid on Death

"Total Premiums Paid" means total of all the premiums paid under the base product, excluding any extra premium and taxes, if collected explicitly.

"Terminal Illness" Refers to a life-threatening, progressive, irreversible and incurable condition resulted from a disease or injury, wherein despite the exhaustion of all possible medical interventions for any intention or pursuit of curative measures, the Life Assured faces an inevitable natural death within a fore-seeable timeframe within six (6) months, consistent with the clinicopathological prognosis associated with the said disease or injury.

"Accident": An Accident means sudden, unforeseen and involuntary event caused by external, visible and violent means.
